thinkTANK **MindShift** GEAR

Think Tank Photo designs camera carrying solutions for working professionals. Our products are born from the collaborative efforts of professional photographers and product designers, working together with a common goal — to create the most inventive and effective solutions for all photographic situations. We go to great lengths to listen to our core customers and translate their feedback in everything we create.

MindShift Gear is a group of committed professional photographers and product designers dedicated to building carrying solutions for those who are passionate about experiencing the natural world. Our slogan, "Engage with Nature," challenges people to not only become involved in outdoor activities, but to create a conversation about nature and our relationship to the environment.
