

Welcome!
Bowie-Crofton Camera Club
2022-2023

Housekeeping

- Thank you for your patience during our hybrid meetings
- The church policy on mask wearing is “Masks are encouraged not required.” Use common sense
- Please when setting up do not collapse the round tables just move them to the outer edges. When we’re finished we can just move them back into position. The chairs go with the tables
- We need help with the technology committee setting up and monitoring Zoom

Comments From the President

"What matters is not what you photograph, but why and how you photograph it. Even the most controversial subject, if depicted by a sensitive photographer with honesty, sympathy, and understanding, can be transformed into an emotionally rewarding experience." -- Andreas Feininger

Welcome back to the 2022-2023 camera club year. Great news, we will be meeting in person! This year we are trying to adapt to the times. The Technology Committee headed by Bob Matthews, worked with others to find a solution that would address how to meet in person and still get great speakers from around the continent that we've grown accustomed to when we met on Zoom. Hybrid meetings will also allow members not in the area to still participate.

Our Executive Board has also changed. Jc Hsu is now our treasurer. William Bailey will be our Membership VP and Bruce Edwards will be our Programs VP. Bruce has found us some fascinating speakers for the year. Glenn Thompson will take over as the VP of Photo Talk. Thank you to Monica Hawse and Bob Matthews, our Treasurer and Membership VP, respectively, for offering their time and talent.

This club does not run itself, and we will continually need your help. There are many things that you can do to help out. We will need hybrid meeting techs to help with the set-up. There also will be a need for help on competition nights. Learn more about how our club works.

Our first competition is on October 3 and it is Open. Please seriously consider entering prints. Judging will take place in person. There are no longer proofs of prints. Competitions are not only about placing but using them as a learning experience. The camera club belongs to the Maryland Photography Alliance (www.mdphotoalliance.org/2022-photo-contest) and you are eligible to enter up to four prints beginning September 1 into their 6th annual photography contest. Visit their website for more information. "Show your work!"
